
FROM THE DESK OF EDITOR

I am grateful to ALLAH Subhanatala that he helped us to complete 36-years of this highly reputable unique double peer reviewed PUBMED INDEX journal from Pakistan known as Pakistan Journal of Surgery.

This journal was initiated by our former Editor and President Society of Surgeons, Pakistan Prof Manzar Saleem (may Allah Subhanatala provide him high place in Jannah). His saying regarding our journal as well as other academic activities.

جب شروع کیا تھا سفر تو تھا تنہا تنہا گا مزن جانے سفر
وقت کے ساتھ لوگ شامل ہوتے رہے قافلہ بڑھتا گیا

That means he started his journey alone on his own but with the passage of time the people gathered around him and shared with him for this great academic activity. Prof Manzar Saleem began this Journal in 1982 initially working alone, but with passage of time he was been supported by his colleagues and was able to create hundreds of his followers who are still working for the glory of Pakistan Journal of Surgery and continuing his effort to develop culture of research in Pakistan.

While we took the charge, situation was almost same but with the help of Almighty Allah and support of my senior colleagues specially Prof Zakiuddin G Oonwala, Editor Emeritus of Pakistan Journal of Surgery and Prof Tariq Mahmood The Chairman of our Executive Board, we kept on promoting the culture of research and writing in our junior colleagues.

Here I would also like to thank the office bearear of Society of Surgeons Pakistan Central as well as all Chapters for their constant support to keep continuing the culture of research in our young generations. Here it will be unfair if I will not pay thanks to my reviewing panel from Pakistan and abroad who are always there to help me.

The policy of Pakistan Journal of Surgery is always appreciate juniors doctors and young scholars to keep on doing research and write there articles in indexed journal. I hope that we will continue our activities and we will work towards making Pakisan Journal of Surgery among one of the distinguished Journal in the galaxy of Journal of Surgeries across the world.
